Mr. KENNETH CHRISTY

Kind and devoted, he taught his students in a way that won their respect, admiration, and love. He invariably thought of others before himself and dedicated himself to his work, the mathematical education of the younger generation. He was always willing to give students help in their times of need and assisted many of his former students with their problems. We, at Anderson, are indeed fortunate to have had Mr. Christy as a member of our faculty. It is to the memory of this great teacher that we dedicate our 1957 **Andersonian.**

## ANDERSON BOARD OF EDUCATION

The **Andersonian** has provided a panorama of school achievements and growth since 1930. The current year is one of the most important in the development of Anderson High School since 1930, the year of the initial consolidation of the one room schools. Some emphasis is devoted to current growth and development in this issue.

More than a year ago consideration was initiated concerning the advantages to all that might be realized through a combination of the Anderson and the Newton School Districts. Both Boards of Education made independent studies of the proposal. A series of joint board meetings were conducted. Early in 1957 the Boards of Education reached agreement that the merger would be advantageous to both districts.

The proposal was presented to the patrons of the communities through the newspapers and at meetings of the various organizations of the communities. The new district became effective on April 3, 1957, by action of the County Board of Education. Members appointed to serve on the new board of education are Mr. Judd, Mr. Wright and Mr. Graf from the Anderson Board and Mr. Burger and Mr. Muhlberger from the Newtown Board of Education. It is due to this development that the Board members and administrative personnel of both districts appear in this publication.

This new school district, developed through consolidation with Newtown, is the major educational advancement in this area since 1929-30. The 1957-58 enrollment will probably exceed 2700 pupils. The district will have a tax duplicate of about $33,000,000. The educational program is being expanded to improve the educational opportunities of the boys and girls. Conditions generally are improving steadily. Our schools are receiving the recognition justified by superior educational achievement attained through a good educational program, growth to a desirable size, financial ability and a willing public.

We thank sincerely the people of this comminity for their support and encouragement in these developments.

To the Seniors:

It was but a few short years ago that you were toddling off to school as beginners. You have come a long way since then; but, in many respects, you are still beginners. This applies equally well to those of you who next year expect to be college freshmen, apprentice tradesmen, or student nurses. Your search for knowledge should be just as never ending as was the search for the Holy Grail. The experiences you have acquired in school are truly an arch to build upon in the future. Your prosperity and happiness will be tied to the goals you set for yourself in life. Be zealous in your efforts to acquire the respect and admiration of all with whom you come in contact. To do these things is but to assure you a place in the niche of time and in the hearts of men.

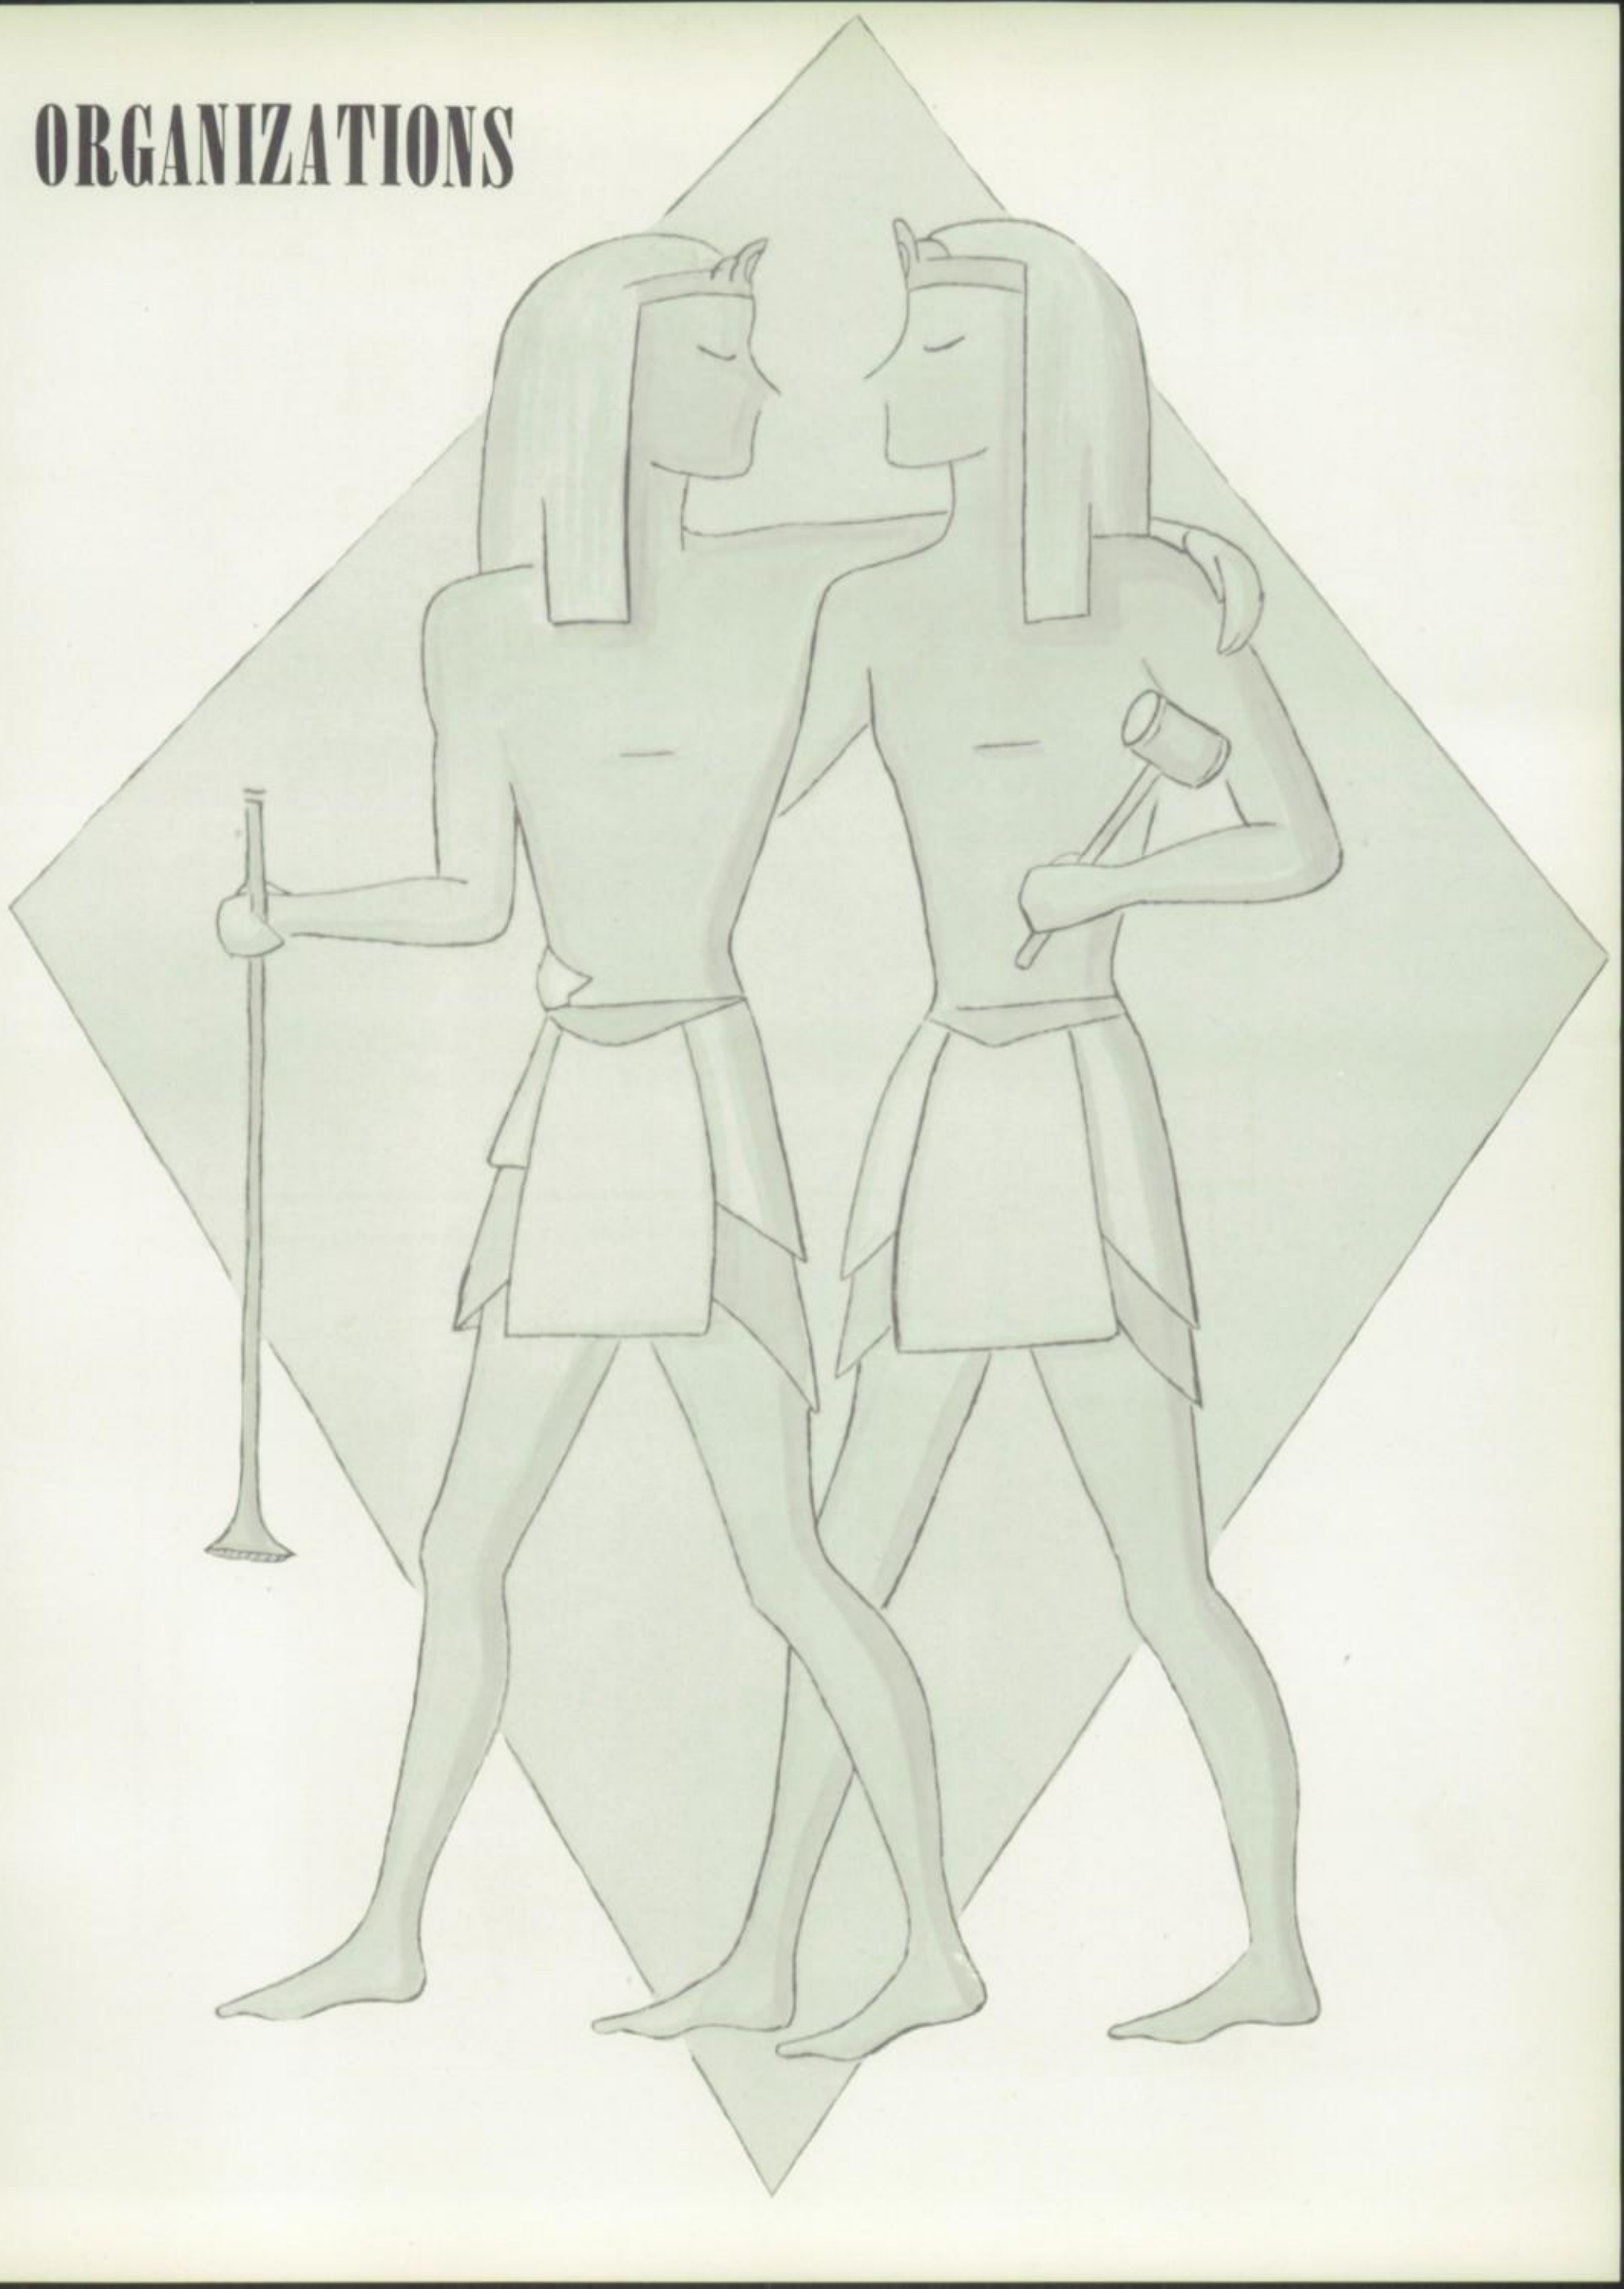
# ORGANIZATIONS



Our nation is based on democratic principles; therefore, we, as Americans, feel that each member of an organization should be represented in the governing of the organization. At Anderson our student body is represented by our Student Council. The membership of this group is composed of the elected representatives from the various home rooms and of club presidents. The Council discusses every type of problem that arises—anything from conduct in the cafeteria to student-faculty relations. By its efforts the Council has made Anderson a better school for future classes.

# STUDENT COUNCIL

The **Lantern** is so named because it sheds light upon our school activities. Because of the ingenuity of the co-editors and their adviser, new features have been added which arouse interest and provide subjects for conversation. The reporters not only do their school a service, but also receive valuable training in journalism. We take pride in the **Lantern** as one of the finest papers in the county.

**Co-Editors,** Quentin Warford and Joyce Kirby, consult with the adviser, Miss Helen Merz.

Our Y-Teen group is one of many such organizations in the high schools of America. These clubs, branches of the Young Women's Christian Association, are devoted entirely to teen-age girls. Y-Teen members seek to enrich their own lives and to do their share in building a better community through the YWCA's Christian purpose: "To build a fellowship of women and girls devoted to the task of realizing in our common life those ideals of personal and social living to which we are committed by our faith as Christians. In this endeavor we seek to understand Jesus, to share His love for all people, and to grow in the knowledge and love of God." The Anderson Y-Teen Group attempt to attain an understanding of this purpose and to carry it out in their daily living through such projects as the making of Christmas gifts for children in hospitals, the visiting of various hospitals, and the contributing of financial aid to the charitable work of the YWCA.

puts you at your Sparkling best!

That great taste of Coke makes life more fun
(So delicious even the bubbles taste better)
Gives a bright little lift to everyone
(So refreshing you can feel the difference when it's Coca-Cola)

"Coke" is a registered trade-mark.
